INVITATION

Press conference: Volvo Group @ Bauma 2025
Tuesday, 8th April at 10am (CET)
Volvo booth, Hall C6

Join Volvo Group as we electrify Bauma 2025
with our first-ever zero-emission-only lineup!

Be among the first to witness the worldwide launch of a groundbreaking zero-emission machine designed for key industrial segments. Our showcase at Bauma will feature an exclusive all-electric lineup, marking a significant milestone in our commitment to sustainable innovation. And to ensure we meet every customer where they're at in their sustainability journeys, our experts are offering up-close insights into our biggest launch year ever of conventional diesel options that deliver industry-leading fuel efficiency and enhanced productivity.

Hosted by Volvo CE President **Melker Jernberg**,
Volvo Trucks President **Roger Alm** and Volvo Penta President
Anna Müller, this pioneering platform is designed to set the pace
for a safer, more sustainable, more productive world.

Don't miss this opportunity to be part of a historic moment in the
construction industry. We look forward to welcoming you to our
booth on April 8th at 10am sharp.

VOLVO AT BAUMA 2025

Munich | 7 - 13 April | Hall C6 | Booth 303/313
